Welcome to My Slamming World of 'SKETCH'SLAM!

This is where I showcase my slamming videos & me being nasty.

My vast collection currently consists of over 250 pages of videos, and I keep adding more, including newly discovered or freshly recorded ones. This means the collection keeps expanding. I hope you enjoy watching them, and I'd love to hear your thoughts, so please leave a comment. *(the nastier, the better)*

As I always appreciate your feedback. *

* *(Comment sections are located at the end of each page)*

Here's a little history behind my slamming videos:

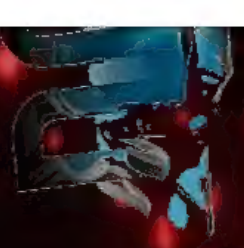
You might be curious about how it all began and why I started recording these videos. Well, it all started back in 2013 when recorded my first video, and I've been doing it ever since. My initial recordings were done at my apartment in Boise, Idaho, but the rest were and still are filmed in various locations around Los Angeles. I've shot videos in parks, motel rooms, public restrooms, alleys, friend's bathrooms, a buddy's basement, and anywhere else my cell phone was accessible. Unfortunately, some videos aren't in high-quality form due to certain circumstances such as bad lighting or using a poor digital camera, and for this, I do express regret.

How it all began:

The story of how my slamming videos came to be is quite interesting. It all started one night when I was hanging out with a friend, and he showed me a website called 'Get2thePoint', which was described as a 'slamming fraternity for men'. I was immediately intrigued by the site's boldness and the fact that it was dedicated to such a controversial and illegal topic. At that time, discussions about slamming were rare, & there was no other website like it. I found it to be a unique & progressive platform and decided that I had to become a member.

As I watched some videos on the site, I noticed that many of them lacked the important element: '*the reaction*'. The camera was always focused on the injection spot, and the faces of the participants were never shown. I felt that this made the videos less exciting. I decided that I needed to create my own videos. Not only that, but I would show the reaction and emotion of the person slamming.

I started recording my own videos, and to my surprise, they became very popular. However, this fame was short-lived as 'Get2thePoint' was shut down, and all my videos and fans were gone. Despite this setback, I continued to record more videos, and my collection has since grown to over 250 pages. I always strive to make better videos and hope that people enjoy them as much as I enjoy making them.



So now what?

Ultimately, I started an account on Tumblr and started posting my videos on there. It was also very popular, and I garnered a ton of followers. It was all awesome until the day when my videos began getting flagged and removed. Tumblr had suddenly created a new strict policy. They began to censor certain material, like sex and drugs. Those type of things were no longer tolerated & were not permitted any more. As a result, my videos were slowly removed one by one until my account was deleted. In my opinion, Tumblr's decision to change its rules was unwise and ultimately ruined the site, losing me and many other users in the process. It seemed that their decision to cater to sponsors caused them to destroy a platform with great potential to become something even larger. Now, Tumblr is nothing like it once was, and to be honest, *'Tumblr sucks!'*

With limited options for platforms that allowed my content, I then turned to *Pornhub*. That's where I have built up a considerable following with my collection of videos. However, things changed when the platform was accused of having illegal content, and many videos, including mine, got removed. I was told that my videos would be getting reviewed, then put back online as they got approved. After waiting patiently for months, I decided to reach out to the staff and inquire about my videos' status, and to my surprise, they were back online within days. I am very grateful to Pornhub and their quick response to my email. I couldn't express it enough, how much appreciation I have for Pornhub. *-By the way*, if you haven't already, please cum check out my profile page on *Pornhub*. Go there now by clicking HERE. ***Cum follow me & watch my videos!***

Meanwhile, considering the limited and unreliable options for hosting my videos, I finally made the decision to create my own website where I could share my content without worrying about it being removed. And that's how

"LAcumBoy's Cyberworld of Sex, Drugs & a Camera," was born.

THANK YOU!

SO GET READY TO SEE MY VIDEOS!

(All you have to do is "click the devil's dick".)
